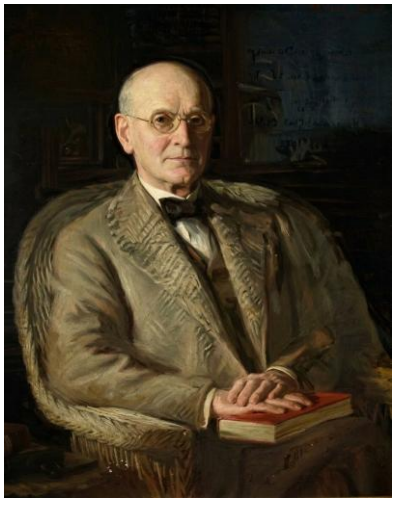
George T. Dunlap Community Foundation Grants



The George T. Dunlap Community Foundation Fund supports health education and wellness initiatives that benefit residents within the Aultman Orrville Hospital service area.

Established at Wayne County Community Foundation to honor George T. Dunlap's legacy—including his historic $600,000 contribution that helped found the hospital—the fund began with a $1.2 million gift from the Aultman Health Foundation.

Through grants and charitable activities, the foundation invests in programs that strengthen community health, with funding available to eligible 501(c)(3) nonprofits, schools, government entities, and religious organizations.

How to apply for a grant?

Grant proposal applications must support health education and wellness programs within the Aultman Orrville Hospital service area as defined in this **map**.

The grant application **deadline is April 1** (by noon) for a decision by June 1.

See the **George T. Dunlap Community Foundation Grant Application** for more information.
